BHANSALI ENGINEERING POLYMERS LIMITED

BUSINESS RESPONSIBILITY POLICY

1. PREAMBLE:

At a time and age when enterprises are increasingly seen as critical components of the social system, they are accountable not merely to their shareholders from a revenue and profitability perspective but also to the larger society which is also its stakeholder. Hence, adoption of responsible business practices in the interest of the social set-up and the environment are as vital as their financial and operational performance.

1.1. BACKGROUND:

The Securities Exchange Board of India (SEBI) on 2nd September 2015 notified the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) which came into effect from 1st December 2015.

On 22nd December 2015, SEBI notified SEBI (Listing Obligations and Disclosure Requirements) (Amendments) Regulations, 2015 (Listing Regulations) effective from 1st April 2016. Pursuant to the said amendment in the said Regulation, SEBI amended Regulation 34 of the Listing Regulations, and mandated top five hundred listed companies (based on market capitalization of every financial year) to include Business Responsibility Report as a part of its Annual Report.

Bhansali Engineering Polymers Ltd ("Company") being one of the top five hundred listed companies as on 31st March, 2018, is required to adopt the Business Responsibility Policy as part of the Business Responsibility Policies.

The Business Responsibility Policy of the Company is in line with the nine principles of the National Voluntary Guidelines proposed by the Ministry of Corporate Affairs and Regulation 34 of the Listing Regulations which require top five hundred listed companies (based on market capitalization of every financial year) to include Business Responsibility Report as a part of its Annual Report.

1.2. OBJECTIVES:

The key objective of the policy is to re-affirm the Company's commitment to follow the principles laid down in National Voluntary Guidelines on Social, Environmental and Economic responsibilities of Businesses. The Company has designed the Policies based on the Principles of the Business Responsibility Reporting to be made under the Listing Regulations. These policies will help Bhansali Engineering Polymers Ltd to deal with the complexities and challenges that keep emerging in the conduct of its business.

1.3. APPLICABILITY:

These policies apply to the directors and employees of the Company across all its functions and branches. The policy shall be effective from 13th day of July, 2018 and shall also be applicable to all the stakeholders of the Company.

bHANSALI ENGINEERING POLYMERS LIMITED

2. DEFINITIONS:

- 2.1. **"Board"** shall mean the Board of Directors of the Company.
- 2.2. **"Companies Act"** shall mean the Companies Act, 2013 and Rules thereunder, notified by the Ministry of Corporate Affairs, Government of India, as amended.
- 2.3. **"Listed Entity/Company"** shall mean Bhansali Engineering Polymers Limited.
- 2.4. **"Policy"** shall mean the Business Responsibility Policy (BR).
- 2.5. **"Regulations"** shall mean the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as notified by The SEBI, as amended, from time to time.
- 2.6. **"Stock Exchange"** shall mean a recognized stock exchange as defined under clause (f) of Section 2 of the Securities Contracts (Regulation) Act, 1956.

3 IMPLEMENTATION:

The Managing Director of the Company, assisted by Mr. Kiran Bhansali, President (Operations), shall be responsible for the implementation of this Policy as Business Responsibility Head. They may take the support of any internal or external persons, which they may deem fit, for the effective implementation of the Policy and they shall also be the reviewing authority of this Policy, subject to the approval of the Board. They may also keep the Board informed from time to time.

4. POLICY:

The Company believes that the business excellence can be achieved only by doing business on sound and sustainable principles that address the dimension of good corporate governance as well as environmental and social responsibility. The Company's Business practices would, therefore, be governed by the following guiding principles.

Principle 1: Ethics, Transparency and Accountability:

The Company shall:

- i. develop governance structures, procedures and practices that ensure ethical conduct at all levels; and promote the adoption of this principle across its value chain;
- ii. Communicate transparently and assure access to information about their decisions that impact relevant stakeholders;
- iii. Not engage in practices that are abusive, corrupt, or anti-competition;
- iv. Truthfully discharge their responsibility on financial and other mandatory disclosures;

BHANSALI ENGINEERING POLYMERS LIMITED

- V. Report on the status of adoption of these Guidelines as suggested in the reporting framework in this document; and
- vi. Avoid collusion with the actions of any third party that violates any of the principles contained in these Guidelines.

Principle 2: Product Life Cycle Sustainability:

Sustainability lies at the Centre of all operations at Bhansali Engineering Polymers Limited including workplace management, greater long-term profitability or more reliable services. The Company takes cognizance of its role in the adoption of environment friendly technologies. The policy for sustainable products and services targets to maintain the right balance between environment protection, social well-being and economic growth. To this end, this policy strives to accomplish the following:

- i. assure safety and optimal resource use over the life-cycle of the product – from design to disposal – and ensure that everyone connected with it- designers, producers, value chain members, customers and recyclers are aware of their responsibilities.
- ii. Raising of consumers’ awareness of their rights through education, product labeling, appropriate and helpful marketing communication, full details of contents and composition and promotion of safe usage and disposal of their products and services.
- iii. ensure that the manufacturing processes and technologies required to produce it are resource efficient and sustainable.
- iv. regularly review and improve upon the process of new technology development, deployment and commercialization, incorporating social, ethical, and environmental considerations.
- v. recognize and respect the rights of people who have knowledge and other forms of intellectual property.
- vi. recognize that over-consumption results in unsustainable exploitation of our planet’s resources, and should, therefore, promote sustainable consumption, including recycling of resources.

Principle 3: Employee Wellbeing:

Bhansali Engineering Polymers Limited considers its employees as its most treasured assets. The Company ensures that efforts of all its employees are appreciated and their potential is harnessed to the fullest. The Company believes in fostering a work culture with high ethical principles and encourages the employees to perform with total integrity, commitment and ownership. A healthy and motivated workforce is the key to achieving

BHANSALI ENGINEERING POLYMERS LIMITED

business goals and to this end, the Company shall endeavor to support the professional growth of its employees and reward performers. The Company shall be committed to the well-being of the employees and strengthening its talent pool by giving them career growth and development opportunities. The Company shall:

- i. respect the right to freedom of association, participation, collective bargaining, and provide access to appropriate Grievance Redressal mechanisms.
- ii. provide and maintain equal opportunities at the time of recruitment as well as during the course of employment irrespective of caste, creed, gender, race, religion, disability or sexual orientation.
- iii. not use child labour, forced labour or any form of involuntary labour, paid or unpaid.
- iv. take cognizance of the work-life balance of its employees, especially that of women.
- v. provide facilities for the well-being of its employees including those with special needs.
- vi. ensure timely payment of fair living wages to meet basic needs and economic security of the employees.
- vii. provide a workplace environment that is safe, hygienic, humane, and which upholds the dignity of the employees.
- viii. Arrange for imparting need based training to the employees with a view to enhancing their skill level.
- ix. ensure skill and competence upgrading of all employees by providing access to necessary learning opportunities, on an equal and non-discriminatory basis.
- x. promote employee morale and career development through enlightened human resource interventions.
- xi. create systems and practices to ensure a harassment-free workplace where employees feel safe and secure in discharging their responsibilities.

Principle 4: Stakeholders Engagement:

Bhansali Engineering Polymers Limited considers channel of dialogue with its Employees, Customers, Investors, Business Associates, Suppliers and Community Stakeholders as a successful tool for exchanging the views and to receive feedbacks on the principles adopted by the Company. The Company believes that this helps in addressing its duty of social responsibility. The Company strongly believes that an effective stakeholder engagement is based on good faith and goes beyond public relations.

BHANSALI ENGINEERING POLYMERS LIMITED

The Company is conscious of and respects the interests and needs of all its stakeholders and their relative ability to engage with the Company and accordingly the Company shall:

- i. systematically identify its stakeholders, understand their concerns, define purpose and scope of engagement with them.
- ii. acknowledge, assume responsibility and be transparent about the impact of their policies, decisions, product & services and associated operations on the stakeholders.
- iii. resolve differences with stakeholders in a just, fair and equitable manner.

BHANSALI ENGINEERING POLYMERS LIMITED

Principle 5: Human Rights:

At Bhansali Engineering Polymers Limited, the Human Rights Policy governs activities regarding employees across the Company. Respecting human rights is the fundamental part of Bhansali Engineering Polymers Limited.

Business Partners of the Company are also advised to follow the policy. The Company discourages dealing with any Business Associates; if in violation of human rights. The Company aim to identify, assess, and manage the human right impacts of business activities based on the operational context, our leverage and business relationships.

The human rights policy of the Company has the following elements, inter-alia;

- i. to understand the human rights content of the Constitution of India, national laws and policies and the content of International Bill of Human Rights.
- ii. to appreciate that human rights are inherent, universal, indivisible and interdependent in nature.
- iii. to integrate respect for human rights in management systems, in particular through assessing and managing human rights impacts of operations and ensuring all individuals impacted by the business have access to grievance mechanisms.
- iv. to recognize and respect the human rights of all relevant stakeholders and groups within and beyond the workplace, including that of communities, consumers and vulnerable and marginalized groups.
- v. to promote the awareness and realization of human rights across their value chain within their sphere of influence,.
- vi. not to be in collusion with anyone involved in human rights abuses by self or by a third party.

Principle 6: Environment:

Bhansali Engineering Polymers Limited (India) Limited is conscious of all activities and decisions impacting the environment and shoulders responsibility for the environmental impacts caused by its activities and services. The Company constantly strives to improve energy efficiency, use renewable energy, procure greener products and manage wastes with an aim to reduce the impact on the environment. The Company identifies ways to optimize resource consumption in operations.

bHANSALI ENGINEERING POLYMERS LIMITED

ENVIRONMENTAL POLICY OF THE COMPANY IS BUILT ON THE FOLLOWING PRINCIPLES:

- i. utilization of natural and manmade resources in an optimal and responsible manner and ensure the sustainability of resources by reducing, reusing, recycling and managing waste.
- ii. take measures to check and prevent pollution and to assess the environmental damage and bear the cost of pollution abatement with due regard to public interest.
- iii. ensure that benefits arising out of access and commercialization of biological and other natural resources and associated traditional knowledge are shared equitably.
- iv. continuously strive to improve environmental performance by adopting cleaner production methods, promoting the use of energy efficient and environment friendly technologies and use of renewable energy.
- v. develop Environment Management Systems (EMS) and contingency plans and processes that help them in preventing, mitigating and controlling environmental damages and disasters, which may be caused due to their operations or that of a member of its value chain.
- vi. report environmental performance, including the assessment of potential environmental risks associated with their operations, to the stakeholders in a fair and transparent manner.
- vii. proactively pursue and support its value chain to adopt this principle.

Principle 7: Policy Advocacy:

- i. The Company, while pursuing policy encouragement, must preserve and expand its activities for public good and shall not support any policy change to benefit the Company or a select few.
- ii. To the extent possible, the Company should utilize the trade and industry chambers and associations and other such collective platforms to undertake such policy advocacy.

Principle 8: Inclusive Growth and Equitable Development:

In the Growth Plan, the Company shall:

- i. understand its' impact on social and economic development, and respond through appropriate action to minimize the negative impacts.

BHANSALI ENGINEERING POLYMERS LIMITED

- ii. thrust to innovate and invest in products, technologies and processes that promote the well-being of the society.
- iii. make efforts to complement and support the development priorities at local and national levels, and assure appropriate resettlement and rehabilitation of communities who have been displaced owing to their business operations.
- iv. sensitive to the local concerns while operating in regions that are underdeveloped.

Principle 9: Consumer Value:

The mission and value statements of Bhansali Engineering Polymers Limited provide guidance in its engagement with customers. These statements emphasize on providing continuous delight to customers in current and new businesses by delivering superior value through enhanced products and services. The Company's policy on providing value to customer embraces the following:

- i. while serving the needs of its customers, it should take into account the overall well-being of the customers.
- ii. ensure that it does not restrict the freedom of choice and free competition in any manner while designing, promoting and selling their products.
- iii. disclose all information truthfully and factually, through labelling and other means, including the risks to the individual, to society and to the planet from the use of the products, so that the customers can exercise their freedom to consume in a responsible manner. Wherever required, it should also educate their customers on the safe and responsible use of their products and services.
- iv. promote and advertise its products in ways that do not mislead or confuse the consumers or violate any of the principles in these Guidelines.
- v. exercise due care and caution while providing goods and services that result in over-exploitation of natural resources or lead to excessive conspicuous consumption.
- vi. providing adequate grievance handling mechanisms to address customer concerns and feedback.

5. DISCLOSURES:

The Business Responsibility Policy shall be disclosed in the Annual Report and/or on the website of the Company i.e. at www.bhansaliabs.com.

bhansali ENGINEERING polymers limited

6. POLICY REVIEW AND AMENDMENTS:

This Policy would be subject to modification in accordance with the guidelines/clarifications as may be issued from time to time by relevant statutory and regulatory authorities.

The Board may modify, add, to delete or amend any of the provisions of this Policy. Any exceptions to the Business Responsibility Policy must be consistent with the Regulations and must be approved in the manner as may be decided by the Board of Directors.

BHANSALI ENGINEERING POLYMERS LIMITED

PRODUCT LIFECYCLE SUSTAINABILITY POLICY

1. OBJECTIVE:

Bhansali Engineering Polymers Limited (hereinafter referred to as “the Company”) endeavours to embed the principles of Product Life cycle sustainability into the various stages of product lifecycle including procurement of raw material, manufacturing of product or delivery/transportation of raw materials, finished goods and recycling of the Product.

Our Company’s endeavor is to develop and manufacture product which can sustain a life cycle whereby which firstly, it is introduced in the market to make life easier and comfortable and being an Engineering Plastic, which is used in various application like Automobiles, Home Appliance, Toy Industries, Electrical and Electronics Industry, Stationary etc., makes it economical and useful in day to day life. Secondly continuous efforts are made by the company to increase its product application to ensure that maximum benefit can be availed by our Customers and End users. Thirdly when the product sale is increasing, Company endeavours to manufacture various alloys and colors meeting further expectation of Customer Satisfaction ensuring sustainability for long term use. Lastly when the end product is actually used by the actual user, the same Engineering Plastic can be re-used and re-cycled several times ensuring many life cycles and sustainability of our Product.

We want every stakeholder to be well on the path of being truly sustainable in all possible aspects of our products and also ensure best of the quality or feature in the product, or part of it, that has a demonstrable positive or significantly lower environmental and/or social impact during its sourcing, production, supply, use and disposal.

Our aspiration is to make a systemic improvement across our entire product offer – ensuring that social and environmental principles are always taken into consideration and inherent in individual products, most likely as multiple attributes. Working with others, Listening, learning, responding and working in partnership is an important part of how we do business.

New Products are being developed to further enhance the Life Cycle sustainability in a conducive and collective manner in which active participation of all the Stake Holders and Technical Experts’ advice are being taken from time to time.
